Welcome to Esmere Gardens

From the moment you walk through our doors, something feels different. Warm, welcoming spaces with a team that genuinely knows its residents. The quiet confidence of a home that has thought carefully about what truly good living looks and feels like.

Esmere Gardens is a private nursing home set in the heart of the Cotswolds, in the historic market town of Moreton-in-Marsh. We are part of the Taylor & Taylor group – a family business with over two decades of experience delivering person-centred care. Everything we have learned across four homes, we have brought here.

Our promise is simple: to care for every resident as we would our own family.

Residential Care

Supportive, person-centred care for those who value their independence but benefit from help with everyday living, within a warm and welcoming community.

Nursing Care

Around-the-clock nursing support for those with complex medical needs, delivered by experienced and qualified professionals, 24 hours a day.

Dementia Care

Compassionate, consistent care built around familiarity and emotional wellbeing – for residents and their families alike.

Respite & Emergency Care

Short-term stays and unplanned admissions handled with the same warmth and attention as permanent care. Here when you need us most.

Life here is yours to enjoy

Every room is ensuite and furnished. Our onsite restaurant, café and pub offer something for every mood. A varied programme of creative, social and therapeutic activities means no two days are the same — and our team works hard to make sure there is always something worth looking forward to.

Our chefs cook for people they genuinely know. Our food is always fresh using seasonal ingredients, we also offer private dining for special occasions.

Beyond the food and the facilities, what makes life at Esmere different is the care behind it all. Smart technology – including intelligent fall detection and a modern nurse call system – works quietly in the background, keeping residents safe without ever getting in the way. And our development of our Plus 10 Care platform analyses health data to spot early warning signs, helping us deliver better outcomes for every resident.

“We go above and beyond to ensure every resident has the opportunity to live their best life.”

The All-Inclusive Care You Expect – Without the Unexpected Costs

Not all care homes offer all-inclusive fees — but we do.

At Esmere Gardens, your loved one receives everything they need, every day, without extra bills or unexpected add-ons. From private physiotherapy and chiropody to hairdressing, meaningful activities, family dining and so much more, our all-inclusive model means comfort, clarity and complete peace of mind. Families tell us they choose all-inclusive because it brings certainty at an uncertain time. You know exactly what’s covered. You know there won’t be any surprises. And you know your loved one has everything they need to live well.

What does “all-inclusive” really mean?

It means the essentials, the little extras and the special touches are all part of the fee — no hidden costs, no awkward questions, and no last-minute decisions about what is or isn’t affordable.

Every situation is different. We recognise that. We’ll talk everything through openly, at your pace, and help you find what’s right for your family. From the very first conversation, you’ll have clarity, reassurance and steady support. Because care should never feel complicated.
